

Final Visual Pass.

Eight production-fidelity renderings. Surface treatment by job — Warm Chalk for working, dark planetarium for witness — locked typography, locked color, locked component specs. Ready to hand to Claude Code.

Coastline maps & tide tables

MATH · READING · SCIENCE

Adaeze

KITCHEN TABLE

Plots tide highs on graph paper · scale 1 sq = 30 minutes.

Emeka

KITCHEN TABLE

Adds the moon-phase column · matches the tide pattern she predicted.

Sade

PORCH

Traces the coastline freehand · labels the headland the gulls used.

Tobi

PORCH

WHAT GOES WHERE

Graph paper · 4 sheets

NOAA tide table — printed

Watercolor set

Field sketch from Tuesday

WHEN

After the morning walk.

BLOCKS COMPLETED

CARRYING FORWARD

E

Long-division puzzle — fold into Monday.

S

Map of the watershed — left out, not finished.

A

Poem revision — wants one more pass.

T

The marsh sketch — keep on the porch table.

FOR YOU · PRIVATE

THE WEEK · SHAREABLE

HERO PHOTO · THE BRIDGE PROJECT

Six bridges. One collapsed.

Monday we built six paper bridges. Five held a textbook. The sixth — Emeka's, with the elegant curve — went down at twenty pages. He spent an hour figuring out why, which is the part I want to remember.

WHAT LANDED

A

Identifies one-half, one-third, one-quarter

HALFWAY → FULL

E

Load distribution across a span

NONE → HALFWAY

S

Peninsulas, headlands, isthmuses

FIRST ENCOUNTER

T

Tertiary colors by

NONE → HALFWAY
